

# Creative Team Basics

**Purpose:** The purpose of the Creative team is to regularly and intentionally develop relevant, creative, life giving worship services, events and sermons through discussion, brainstorming, planning, and implementation.

**Format:** Creative Team meets for 1 hour monthly. This meeting is to not so much to gain direction as to take creative directions from the Pastor and contribute to them (Example: the direction may be for a marriage series and the Creative team may add a drama or illustration).

## **How Often Do We Meet**

- Creative Team – Monthly

## **General Rules**

### **Everyone Contributes**

This meeting is for contributing creative ideas that enhance our worship services and events so not sharing is robbing the congregation and the team of a possible great idea!

### **There is no bad idea**

We need to develop a creative culture that lets people share ideas without a filter so keep any negative comments to yourself.

### **Prepare for our time**

Research videos, scan sermon topics, read magazines, pray and etc. to prepare your contribution. You wouldn't wing it at any other meeting so don't try it at this one!

### **There are no points for used ideas**

No one gets a prize for the most used ideas so don't stress if your idea isn't used; this meeting is to create a buffet for the communicator and worship leader to choose from.

## **Meeting Agenda**

- Pray (5 minutes)
- Pastor's Projections (10-15 minutes)
- Brainstorm (30 minutes)
- Decisions (15 minutes)
- Administration (20 minutes)
